Machine Specifications

Working Width	220 to 400 (as per requirement)
Printing Unit	As per requirement
Embossing Unit	As per requirement
Parent Roll Diameter	1200mm
Folding size	1/4
Speed	400 sheets per min. (speed varies according to different paper) (2 lacks per 8 hrs.)
Installed Power	AC 440V/220V, 50 Hz, 2.2 kw
Transmission	Timing Belts
Controlling System	2.2 kw Frequency drive (MAKE - CROMPTON GREAVES)
Machine Weight	2000 kg
Space Required	6.5 Feet X 15 Feet

Counting Display & Machine Speed Display Available Futures
